FSVFL482	47 15/16	5 3/8
FSVFL483	47 15/16	8 1/4

A & B=Rough ceiling opening (All dimensions in inches)

Application:

The FSVFL Series linear spline frame is used with VFL,SAL, and EFL Series diffusers on spline frame tile ceilings.

Installation:

The frame flange fits into the spline slot in the tile. The installed frame is flush with the mounts simply by laying it on the frame. The frame corners are mitered for appearance.
